Guidelines for Addressing the School Board

Speakers who have signed up prior to the regularly scheduled meeting will be allowed to address the Board during the designated public comment period on topics relating to the school division, as provided for in this Regulation. Citizens wishing to speak but who have failed to sign up in advance of the meeting may be permitted to address the Board during public comment, but only at the discretion of the Board Chair.

The Board asks that you follow the guidelines below when addressing the Board. In order to give all speakers equal treatment and courtesy, the Board requests speakers follow these guidelines:

- Stand and state your name and address.
- Address comments to the Board as a whole;
- Be brief (up to 2 minutes), state your position, and provide facts.
- Public comment is not designated as a question-and-answer opportunity or a time for debate and Board members generally will not respond to questions from a speaker.
- Complaints about specific school personnel are best addressed to an appropriate school administrator who will address such concerns as appropriate through existing board and personnel complaint procedures.
- The public comment period is not designated for comments about specific or named students and any such comments are prohibited and shall be out of order.
- If a speaker wishes to provide written statements or other supporting material, such materials shall be submitted to the Board's Clerk.

Speakers are allowed one appearance per meeting, although the Board may allow exceptions at its discretion. If a speaker represents a group, the speaker may request the Chair to recognize others in attendance who support the speaker's comments. The Board reserves the right to solicit information from citizens present. Such a request by a Board Member should not be construed as the citizen speaking out of order. Meetings are recorded.
